BRIEF ABSTRACT OF LETTER.

3. It is certainly desirable that all the Officers of the Comptroller's Office should be fully trained in all Systems of accounts but to ask the Officers to do odd duties of work in the Rly Branch in addn to their own which is different & heavy & unfamiliar is perhaps not quite convenient. Now that there are addl Officers going to be allowed it will be for the number under the Revised Scale one after another may be attached to the Rly Branch for say a period of 3 months while in the result may be better. The new Officers should may soon pick up work in the Civil branch where there will always be at least 3 qualified Officers always. My own idea stated whether these Officers when trained shd pass the Govt of India Exam in P.W.D. Rly Accts. It is desirable that they shd pass the Exam also.

4. It therefore submitted for consideration that one Officer at a time be attached to the Rly Branch say for 3 months to learn work under the guidance of the A/Comptr in charge and that the new men when allowed may learn work in the Civil branch & then pass on in their turn to the Rly Branch. In this system of rotation all the 6 Officers

SIR,

The Public Works and Railway Accounts Office is part of the Comptroller's Office since January 1907 but all the Gazetted Officers of the Civil Branch have so far had no opportunity of acquainting themselves with the Public Works and Railway Accounts. One staff of Officer trained only in Civil Accounts and another only in Public Works and Railway Accounts is an undesirable and inconvenient arrangement both in the interest of the office and of the officers themselves. The officers hereafter appointed as Gazetted Assistants of my office will be required to undergo training in all the accounts, Civil, Public Works and Railway and pass the prescribed tests. The Government of India have also provided for training the future recruits of the Indian Finance Department in all these accounts. The Assistant Comptrollers in service except Mr. T. Lakshiminarasimha Rao have had no occasion to study the Public Works and Railway Accounts so far and they now express a desire to acquaint themselves with these accounts. I have therefore arranged for their training in the Public Works and Railway Accounts. The Officers will be required to study the Codes of the Public Works and Railway Departments and get a practical knowledge of the whole work of the Public Works and Railway Branch by doing under the supervision and

The Officers will continue to be in charge of their respective departments of the Civil Branch and take up the work of the several sections of the Public Works and Railway Branch, one after another, until they have completely studied the whole work of the Branch.
